### MAKING PERMANENT PORTABLE

With SchoolRooms2Go, the only thing temporary is the location. The patented off-site construction process makes SchoolRooms2Go look, feel and perform like anything but temporary, yet allows for optimum portability. Quite simply, SchoolRooms2Go is making permanent portable.

## SCHOOL ROOMS 2GO FEATURE

- Precast Concrete Slabs
- EPS Insulated Steel Walls
- Non-combustible Materials
- Hurricane Ready Protection
- Fully Sustainable Outcomes
- Net Zero Energy Use Readiness
- Solar Ready Design

Set on helical piers at grade, eliminating the need and expense of wood decks, steps and ramps.

The need for temporary classroom space is simply a matter of time. Getting the most value for your money is simply a matter of choice. SchoolRooms2Go is the revolutionary portable space solution built on a precast concrete slab with insulated steel walls, yet competes in cost with almost any other product on the market.
